The company has relocated both their UK inbound DMC team and the outbound MICE division to their Worthing head office. Following significant and major wins in the Automotive, Non-Profit sectors and a number of major global sports events, the key focus will be augmenting their Incentive, Business Events and Global Sporting Events department.

They handle travel plans and event management for pro sports teams, athletes, spectators, media and businesses. In addition to the America's Cup, Travel Places provide travel logistics for all Formula One teams based in the UK, British Paralympic Team, Volvo Ocean Race and many other worldwide sporting organisations.

Matthew Warren, Director commented: "The refreshed website showcases the recent changes we have made to our Events Department in light of these significant and exciting new business wins over the past couple of months. We are keen to show visitors to the website that our experienced staff can support them in all of their corporate event needs, whether that be within the sporting arena, for associations, or for businesses looking to take their key performers and clients to world-class destinations and major sports events".
